FEVE.

Brand identity & website — a proposal for the strategic refresh, as the federation becomes **Glass Packaging Europe**.

What FEVE is asking for.

With the membership having endorsed the new name — **Glass Packaging Europe** — FEVE is commissioning the next phase: a renewed **visual and verbal identity** and a **refreshed website**.

Two parts, run in parallel, building on the positioning work of Phase 1 — with a single launch on 1 December 2026, ahead of the federation's 50th anniversary.

2 parts

identity & website, run in parallel

1 Dec 2026

brand & website go live together

2027

a refreshed FEVE turns 50

How we get to 1 December.

Less a creative leap, more a disciplined, two-track method that protects the launch date.

01

Discovery & alignment

Kick-off with the Secretariat. Audit of the current brand, site and content. Confirm priorities, messaging pillars and what success looks like.

02

Identity

Verbal first — messaging, tone, boilerplate. Then visual — logo, system, guidelines, templates. Plus brand architecture for the campaign brands.

03

Website

Information architecture, UX and wireframes signed off by 10 Sep — then design, CMS build, content migration and redirects from feve.org.

04

Launch & handover

Board pack (10 Oct), validation (22 Oct), final assets, accessibility & QA, go-live 1 Dec — with full editable source files handed to FEVE.

Positioning & identity.

VISUAL IDENTITY

- **Logo & icon system** — all variants for digital and print: favicon, social avatars/banners, plus a simple logo animation.
- **Identity toolkit / brand guidelines** — colour, typography, iconography and imagery.
- **Image style & art direction** — moodboard and imagery direction tied to the messaging framework.
- **Template suite** — PowerPoint master, Word letterhead, report / position-paper, minutes & agenda, Canva social, email signature.
- **Brand architecture** — how the identity relates to Friends of Glass & Close the Glass Loop (endorsed, separate or realigned).

VERBAL & TEXTUAL IDENTITY

- **Tagline / descriptor** — to carry the new name (e.g. "The Voice of European Glass Makers").
- **Messaging framework** — value proposition and proof points, tied to FEVE's strategic priorities.
- **Tone of voice** — practical guidance with examples.
- **Editorial style guide** — spelling convention, glossary, hashtags, do/don't word list.
- **Boilerplate copy** — short, medium and long descriptions for reuse across channels.
- **Launch roadmap** — a one-page plan for sequencing the roll-out.

Website restructure & migration.

Simplify feve.org, sharpen the value proposition and apply the new identity — English-only, accessible, and live at launch.

STRUCTURE & EXPERIENCE

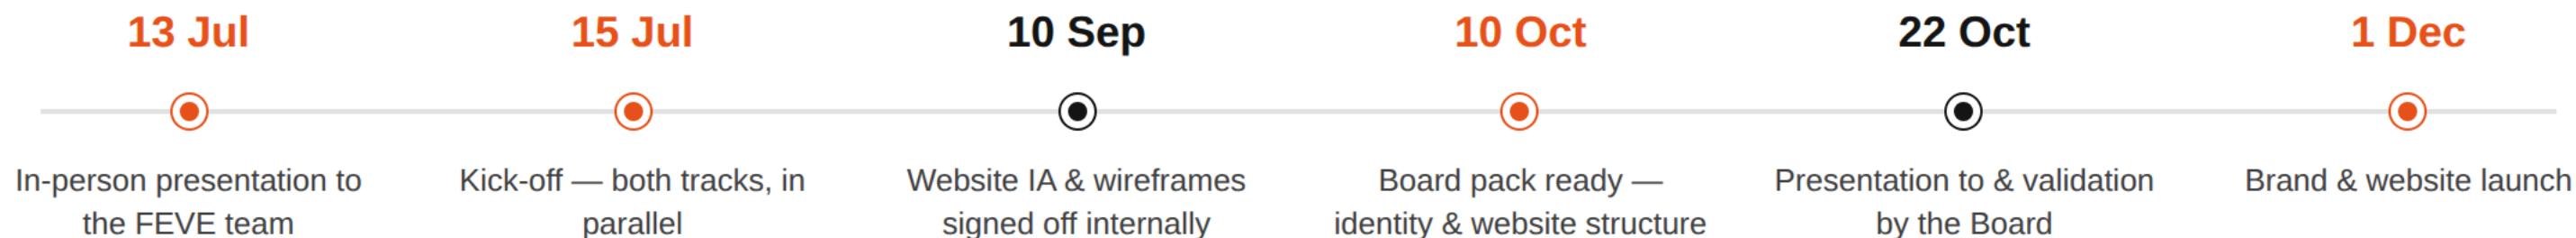

- **Information architecture & wireframes** on a simplified, clearer structure.
- **UX & key user paths** aligned to FEVE's stakeholders and priorities.
- **Design** applying the new visual identity.
- **Content advisory** — what stays, what goes, structure, length & format. FEVE owns and supplies all content.

TECHNICAL & MIGRATION

- **CMS implementation** — WordPress (or comparable), editor-friendly.
- **Content migration** from the current site.
- **New domain set-up** — 301 redirects & SEO carry-over from feve.org.
- **Accessibility** to WCAG 2.1 AA, plus basic SEO.
- **Launch support** — site live at the brand launch. Optional hosting & maintenance from 2027, quoted separately.

One timeline, two tracks.

We confirm the schedule is achievable. The website runs as an independent track that starts structural work in parallel, before the visuals are final.

One shared dependency we'll manage together: IA/wireframe sign-off and the bulk of content from FEVE by 10 September keep the 1 December launch realistic.

Comparable work.

EU-level federations and institutional clients we have served with strategy, naming, identity and websites.

CAOBISCO

Chocolate, Biscuit & Confectionery Industries of Europe

New visual identity, logo redesign and **website** — full rebranding for an EU food-sector federation.

→ [view case](#)

CIUS

Committee of European Sugar Users

New visual identity and **website** for #EUSugarUsers — a logo system rooted in the molecular structure of sucrose.

→ [view case](#)

FERMA

Federation of European Risk Management Associations

Ongoing creative direction, FERMA Forum 2026. Mother/Sister brand architecture and full visual identity.

→ [view case](#)

PHILEA

Philanthropy Europe Association

Brand and communication support across a fragmented stakeholder landscape — Philanthropic Leadership Platform.

→ [view case](#)

TIE

Toy Industries of Europe

Naming, visual identity and stop-motion animation for the Toy Safety Tips campaign.

→ [view case](#)

FERMA Forum

Annual Forum — visual identity & on-site

Creative direction for FERMA Forum 2024. End-to-end production from event identity to social rollout.

Supported by White Rabbit's studio — brand & motion design, CMS / WordPress development, front-end build and WCAG accessibility testing.

Fixed fee, per part.

CORE SCOPE

€48,000

core fixed fee · excl. VAT

BREAKDOWN

Brand identity — verbal + visual system, guidelines, templates	€18,000
Website — IA/UX, design, CMS build, migration, accessibility	€30,000

RATE BREAKDOWN

Identity — Discovery & verbal €4,500 · Logo & system €5,500 · Guidelines & art direction €5,000 · Templates & roadmap €3,000.

Website — IA/UX & wireframes €7,000 · Design €6,000 · CMS build €10,000 · Migration, domain & SEO €4,000 · Accessibility, QA & launch €3,000.

EXPENSES & IP

Expenses billed at cost and listed separately — domain registration, stock imagery, font licences, hosting from 2027. Optional hosting & maintenance from 2027: **€2,400 / year**. All final deliverables and editable source files transfer in full to FEVE on completion and payment.

Fixed fees sit within FEVE's indicative envelopes (identity €15–20k · website €20–35k). All figures exclude VAT.

Brand launch & activation.

Entirely optional and evaluated separately — ideas to bring the new identity to life, within FEVE's €5,000–€10,000 envelope.

LAUNCH CONCEPT

Tell the story

A creative concept that brings the new name, identity and positioning to life for FEVE's key stakeholders — policy, members and press.

from €8,000

ACTIVATION

Make it land

Launch event or stakeholder reception, policy-facing activation and social-media rollout, on a high-level timeline aligned to the 1 December launch.

scoped on brief

Outline budget and a high-level launch timeline provided on selection.

Let's build the next 50 years.

FEVE is repositioning a 50-year-old federation while preserving the substance of its mission — a new name, a sharper identity, a clearer site. That is exactly the kind of work we are built for. Ready to present in person on 13 July.
